

Back-to-School Form Information

Date Published: 8/12/2025

Processing Time

Forms take 24–72 hours to complete. Due to high demand and as a courtesy to our patients with scheduled appointments we cannot accommodate same-day completion for walk-in forms. We will be working hard to complete your form as quickly as possible.

Submission

Drop off, fax or email forms with patient and parent portions completed with updated contact info. If you do not have a parent portion, we can provide one or visit your schools or districts website to print and complete forms.

Requirements

A Well Check within the past year is required; schedule an appointment if needed.

Insurance

Some plans may not cover more than one physical (Well Check) per year—check with your provider or ask about self-pay options.

Form completion

Parent and patient sections must be filled out before submission.

Form Accuracy

Schools may require specific forms—please obtain the correct one to avoid delays.

During Appointments

Bring forms to the appointment for immediate completion.

Email Option

Completed forms can be emailed securely; check Junk/Spam folders.

*Our staff is working hard to assist everyone promptly; your patience is appreciated.
Thank you from your Neighbors Pediatrics Team.*
